STATE CERTIFIES FREE CASH AT $105,705.

The Bureau of Accounts of Massachusetts has certified Mattapoisett's free cash at 40% less than last year's $186,000 which means that the town will have about $80,000 less to reduce the tax assessment. Since the town is limited by law, the amount which can be raised by property taxes will increase by approximately the same amount. The result is that the town will have to maintain the same level of spending.

The Committee on Taxation has informed the Board that in the event that amendments to Proposition 2 1/2 (H7153) do not pass, it may be necessary to refine to change Proposition 2 1/2 through home rule

petition. For F.Y. ending June 30, 1982, the Selectmen, by 2/3 vote, could call a special referendum to ask voters whether the town should be allowed to assess taxes in excess of the amount allowed under Proposition 2 1/2 (to be an amount not greater than 5% of the total taxes assessed in the previous year).

DISCUSS BEEPERS

Police Chief James Moran and Fire Chief Paul Bradley met with Selectmen to ask that the town's 6 emergency beepers be recalled so that they can be reissued to the E.M.T.'s who are most available to be utilized in emergency work. These beepers were purchased and issued about 8 years ago and Chief Moran would like a revaluation of the active personnel who should now have the units. Chief Moran mentioned that in the Sunday snowstorm E.M.T.'s could not be reached because the power was out on their home units and the active E.M.T.'s did not have the beepers. Moran showed Selectmen an advertisement for a low cost beeper selling for $39.95 (vs $200) and Selectmen agreed that unit should be investigated for possible town purchase. Moran said that one of the units was purchased privately in town and appears to be working well.

Selectman John DeCosta commended both Chief Moran and Chief Bradley for the excellent assistance and coverage given the townspeople by both police and firemen in the Sunday snowstorm.

Letter to The Editor

On Monday night, December 6, 1981, the Old Rochester Regional School Committee held a joint meeting with the Superintendency Union 55 (Rochester, Marion and Mattapoisett local committees). The headline issue would appear to have been the make-up and responsibilities of the advisory committee for the health and sex education course. However, the real issue was behind closed doors out of the public's or press' reach.

The joint committees entered into closed session for the purpose of "Contract Negotiations". This is legal if you are negotiating a labor contract but it is not legal if you are not. The committees discussed salary scales and schedules for the custodian, cafeteria, bus matrons, aides and clerical staff for the region as well as the three towns. Aside from the aides at the region, there exist no unions in any of the other groups that were discussed. This clearly was an illegal meeting.

When Marion and Rochester behind closed doors decide what Mattapoisett will pay its school personnel, it makes one wonder if we are being regionalized K-12 without a single vote being cast by you, the voters.

Whale Thanks

Russell Peirce returned from a recreational outing to Naushon Island with an encounter that is the unforgettable kind. He and his son came across a small 18 foot whale beached on the shore and apparently doomed. They managed to maneuver the boat close enough to get a line around the whale's tail and were able to pull the animal free. A series of dives followed - one under the Peirce boat as the whale demonstrated a joy and thank you to his rescuers, then headed for deeper waters.

On Friday December 18th, from 9 to 11 a.m. the junior high Student Affairs Committee and 9th grade class will be sponsoring the Third Annual High School Activities Fair. This event is part of the year-long 8-9th grade orientation program and is an important factor in building class spirit and pride in ORR. Parents of junior high students are invited to attend.

The format for the Fair involves the assignment of display booths to various high school groups. Approximately 60 8th graders will tour the Fair in 1/2 hour time blocks. Refreshments, decorations, music and special equipment are provided by the S.A.C.

We would like to take this opportunity to invite parents and community members to contribute some of their talents to the junior high school through our volunteer program. Dozens of parents are helping

Here are some telephone tips:

- If you get an obscene call, hang up immediately. Never talk to the caller, give information about yourself, or ever act annoyed. Train your children to do the same. If nuisance, anonymous or obscene calls persist, call your telephone business office.
- Train your child to say "Mother/Father can't come to the phone right now", instead of "Nobody's home but me."
- If your child is very young, put a red dot by the *O* for Operator and make certain he or she knows how to ask for help.

TABOR BASKETBALL

Tabor Academy lost 79 to 64 to Cushing Academy in a varsity basketball game on December 9th at the Marion gym. Cushing jumped off to a large first half lead (18 points) and even though Tabor made a run at them in the second half - closing the gap to 62-56 Cushing was able to hold strong and rebuild their lead to the final victory of 79-64.

For Tabor Gregg Freid scored 18 points and Tom Yewick had 16. Cushing high scorer was Mike Millane with 18.

Coach Richard Roller said "Even though this is our first game and we were defeated, our mistakes are correctable ones." Cushing has an unusual team with a quartet of men led by Mike Millane who scores 14 or more points in a game.

Junior Toymakers

Santa's workload will be a little lighter this year thanks to the four year olds at Holly Grove Pre-School on Mattapoisett Neck. The children have been selected by Santa to be junior toymakers. Each child has repaired broken or discarded toys and donated them to less fortunate children. They have been busy painting, patching, gluing, cleaning and hammering for the past two weeks. They have left their recycled toys under the tree at St. Anthony's Church. These little elves are proud of their creative venture and so, of course, is Santa Claus. His toymakers

Thank You

On behalf of all the students at Old Hammondtown School I would like to thank the Mattapoisett P.T.C. for making it possible for any Old Hammondtown student to participate in Santa's Workshop, and thereby make several hand-crafted holiday gifts.

Mrs. Sharon Doyon was the chairperson for this worthwhile activity. Her leadership and the tireless efforts of a cadre of parents, and older children made this program possible.

Unfortunately, there seems to be a bit of sadness associated with the above event. It appears that a wallet belonging to one of the parents was removed from a purse.

PAINTING HELP SPOKEN HERE.

BY *Bonnie Blaire*

TRU-TEST COLOR CONSULTANT

Dear Bonnie:

I was pleased and proud recently to inherit a fine Oriental rug.

I want to redecorate my living room around it. Please tell me how I can make it the center of interest.

Signed, Proud

Dear Proud:

Consider the drama of a deep jewel-tone wall-color. Select a blue or red from the carpet to paint on four walls. Paint woodwork white. This gives an elegant effect most suitable to formal rooms.

If your setting is the more informal Early American or French Country, paint the walls off-white and paint the deep color on the woodwork.

In either case repeat these and other colors from the rug on chair coverings, accent pillows, lamps and accessories.

HOSPITAL RECEIVES ACCREDITATION

The Joint Commission on Accreditation of Hospitals has notified Warren E. Bishop, Administrator of Tobey Hospital, that the hospital has received a two-year accreditation following an on-site survey of the hospital in the Spring.

The Certificate of Accreditation from the JCAH is a public symbol that a hospital has voluntarily sought to be measured by the Joint Commission's standards for quality of patient care services and has found to be in substantial compliance with them. A hospital earns accreditation, and by displaying the accreditation certificate, demonstrates its pride in its compliance.

State and federal laws do not require any hospital to seek accreditation. Thus, the hospital's decision to do so voluntarily reflects its concern that the quality of its services be measured by health care professionals.

Tobey Hospital has always demonstrated to both its peers and its public a conscious and active effort to maintain acceptable pro-

CATSI: ST. LUKE'S PEDIATRIC MASCOT

For over ten years St. Luke's Hospital has held weekly programs for first and second graders; they visit the pediatric unit, see a slide show, and get to listen to their own hearts with a stethoscope. A similar program is also offered to all children who are scheduled for surgery at St. Luke's.

The purpose is education - to help children understand that the hospital is not a threatening place, and to explain what will happen to them since many children

With little time in advance to get to know a child, CATscan technologists needed something to help put the child at ease and better relate to the technologists. Hence, CATsi, an unthreatening medium, not a gimmick, unfolded as a colorful teaching aid.

Before a CATscan test, children are sent an illustrated booklet called KIDS AND THE C.A.T. which explains the process, as well as ways in which they can help the test run smoothly. Parents, too, receive a booklet geared for them.

Toy Warning

MANY "SAFE" CHRISTMAS TOYS
STILL DANGEROUS TO EYES

Christmas toy shoppers, beware.

A large number of toys labelled "safety tested" still can cause damge to the eyes and even blindness, warns Dr. Thomas G. Clark of Somerset, president of the Massachusetts Society of Optometrists.

"Despite great strides by toymakers in improving the safety of their products, there remains a bevy of toys that are optometrically unsafe," explains Dr. Clark. "Toys that leap over obstacles, take off from ramps or shoot metal balls and other objects are the major culprits."

Among the games that may be potentially unsafe for the eyes include large plastic robots that fire missiles at high velocity, pin ball games without protective canopy, games with tension-launched plastic discs that easily overshoot, and spring guns using metal balls as ammunition. Particularly dangerous are hydraulic-powered rockets and rubber-band powered jet planes. In addition, the traditional gifts such as darts and BB guns are always high on the list.

"It must be remembered that toys safe with regard to other parts of the body are still dangerous when the eye is a possible target, " explains Dr. Clark. "The eye is a particularly sensitive organ. Even a light blow by an object that would not hurt another part of the body could cause detached retinas and other serious problems to the eye. It is no wonder that these kinds of toys cause over 50,000 eye accidents among children every Christmas - ten times more than at other times of the year."

Swedish Porridge

Among the many lovely traditions of Scandinavia is the serving of a bowl of creamy rice pudding hiding one almond in its center. According to legend, the person who gets the almond will marry before the year is out. You might put some romance on your menu with this delicious and economical recipe.
